

The Weston FC and Sunrise Sting Soccer Clubs would like to formally announce a partnership aligning these already strong soccer organizations. This alliance will improve and strengthen the landscape of girls soccer in South Florida. With Weston FC having the top platform in girls youth soccer in the United States Development Academy and strong youth player development model, and Sunrise SC with its rich history of fielding top teams in the nation and unparalleled player placement in top women's college soccer programs, a combining of these two powerhouse clubs creates the optimal environment for the elite player to develop, train, and compete.

The partnership will expand the player pool of talent for both organizations with players at each club having the opportunity to play at the highest level in multiple premier showcase events and leagues including the United States Soccer Development Academy.

Jerome Samuels will be leading the alliance as Technical Director to ensure the consistency of playing style and development philosophy providing the best experience for all players in both organizations. Jerome will head the Weston FC Development Academy and coach two teams in the DA.
